### Episode 13

#### THE FALLOUT OF THE CRATER

As Scolah is about to jump into the crater, Stanley and Michael appear on a ledge above her on their elephant. Looking down they see Scolah about to die - shout and leap from the elephant.

Stanley throws a rope - it circles about her waist and they draw her to safety while the five worshippers shout and pray in alarm.

On their elephant - Scolah safely in Stanley's arms they ride away on the elephant.

They camp - a tiger scares the elephant away and they escape once more on foot.

They reach a pretty gorge and find the woods full of chimpanzees. Most of the monkeys scatter in fright but four friendly chimpanzees, lead by one of their kind come down and are very friendly.

In escaping the tiger, Stanley falls down a cliff and is severely injured.

In the monkey village, by aid of the four friendly chimpanzees, they nurse Stanley back to health. They stay there three weeks - teach the monkeys to use knives and forks and eat at a table.

Carbo surprises them - tie Stanley and Michael by ropes

to a big tree, then offers a reward to his javelin throwers to the one who kills them.

Several expert men line up ready to throw spears at the two helpless men, while Garbe held Acolah a captive in his arms watching the sport.
